

Thinking for a Living

Economics; Finance; Policy—(Senior) Analysts

Do you want to apply cutting-edge economics, finance and policy skills to the big problems facing New Zealand and the world? Can you marshal evidence and logic to answer questions like:

- What should governments do about climate change?
- How can we ensure energy security?
- When should competitors be allowed to merge?
- How can public-private partnerships help rebuild our infrastructure?

Can you communicate the answers in clear, compelling language? Do you like to work hard, pushing yourself to achieve excellence? Do you have great grades, a relevant degree, integrity, confidence and a passion for teamwork?

If so, Castalia wants you as an analyst or senior analyst in our Wellington-based team. Working with colleagues in our Sydney, Washington and Paris offices on projects in New Zealand and internationally, you can be part of a high-performing multi-disciplinary group solving genuinely important problems. Pay is competitive with the market and depends on your own skills and experience. To see how to apply, go to www.castalia-advisors.com/opportunities
